*This is a design-build project with roadway pavement, retaining wall, bridge and other related highway work. Please contact Danielle Abbott at Kiewit for project information and approximate quantities.*

*Services and supplies being solicited will include: bridge work, demolition, earthwork, erosion control, fencing, landscaping, pavement striping, reinforcing steel, retaining walls, structural concrete, traffic control, and trucking.*

In order to assist certified Disadvantaged Business Enterprise Contractors and Suppliers, we will divide total requirements into smaller tasks or quantities and establish delivery and construction schedules which will permit maximum participation of disadvantaged businesses where feasible.

All subcontractors and material suppliers are required to execute our standard "Subcontract Agreement"/"Material Contract". We require 100% Performance and Payment, or Supply Bonds. If you have questions regarding these contract agreements, please contact us for a copy.

*We are an Equal Opportunity Employer*
